The integrated altitude encoder does not require connection to the aircraft static pressure system. Instead, skyBeacon benefits from being mounted in an ideal altitude sensing location, and contains Continuous Calibration™ technology. The Cessna Wing Tips With Landing Lights are a superior addition to any eligible Cessna model. The addition of the landing light in each tip provides superior recognition and visibility. Posted by Barney K. on 12th Jan 2016 . I installed these on my 1959 Cessna 150. I couldn't believe the performance difference. My cruise speed increased 3 knots. Stalls became more of a mush with improved aileron control.
